Refer to Confidential 00142007
file in 00150015, 2007, _____
for additional information

Attached is the Archeology (class 3) report for The 1st Federal IBC. The report also includes the areas that we have submitted for full extraction.

The report incorrectly labeled the areas as exploration areas. Keep in mind that they are the surface areas associated with the IBC and full extraction.

Please let me know if myself or Montgomery Archeology can be of any assistance in facilitating SHIPO concurrence.

We will make ourselves available to get this issue resolved as quickly as possible.

You should have a hard copy in your office by Thursday.

If this electronic version is not sufficient to forward to SHIPO, please let me know and I will overnight a hard copy.
